## Related Work

---

For more than ten years, the Center for High Impact Philanthropy has analyzed opportunities for philanthropic funders to achieve greater social impact, including many that focus specifically on improving the lives of women and girls. To learn more about these specific strategies and the nonprofits that are using them, visit our website at [www.impact.upenn.edu](http://www.impact.upenn.edu).

Our ongoing collaboration with our colleagues at the Wharton Social Impact Initiative explores how this framework can be used to identify impact investing opportunities—i.e., financial investments meant to generate a social impact, alongside a financial return. Visit [www.impact.upenn.edu/about/connect-with-us](http://www.impact.upenn.edu/about/connect-with-us) to be added to our mailing list and be notified of this work.
